

Your Event made Simple

Your Event Scotland is the unique, online events resource, encompassing some of the very best services, suppliers and venues that Scotland has to offer, as well as a hotline to the experts in event organisation. We bring customers from all over the world to many of Scotland's famous finds and hidden gems. At the click of a mouse they have the best of Scottish tradition and modernity at their disposal to organise the perfect event.

The free and easy to use one-stop shop website is supported by a range of invaluable management tools such as a live calendar where clients can promote their own events, as well as a diverse and experienced team who know just how complicated it can be to organise the perfect event. The company prides itself on a personal approach, happy to exclusively manage an entire event or help find a castle or cake, band or bouquet.

Your Event Scotland is the brainchild of dynamic business woman, June Ross, who has an impressive portfolio of event experience. From being a first female Chieftain of her clan, to helping produce the largest Highland gathering in the southern hemisphere, to performing a sword dance for Australian miners on the remote "Copper Mountain" of Indonesia, June brings a wealth of international knowledge to her business.

"Over the years I have established an important and invaluable network of my own special events and performing contacts, and now I want to extend that right across Scotland and beyond so that a unique and powerful directory is the result. Such an impressive portfolio ensures that our online resources are bolstered by a wealth of additional contacts at our disposal", explains June.

"Your Event Scotland offers an affordable advertising package, including sole traders, which points customers directly to your business through individually-tailored, full-page personal profiles. Additional benefits also include opportunities to enhance your business potential by generating quality contacts and leads through elite promotional and marketing opportunities. These include networking nights in major Scottish cities, bespoke introductions and showcasing, representation at events and exhibitions throughout the country as well as advertising and promotion through regular nationwide newsletters.

"We are always on the lookout for quality venues, caterers, entertainers, audio visual, special effects, themes/décor specialists, services/equipment, transport, hospitality, media, or indeed any professional wishing to benefit from our services."

In any event the answer is **YES!**
